- By now, you are aware of the “Family Friendly” Drag Queen Show(s) that took place Saturday, June 10th, on the Springfield Square in broad daylight. If you're not aware of what took place, videos and pictures can be found on our Facebook group:

We the People of Greene County

Couple this with the fact the Springfield City Council approved a 5-page resolution affirming *equity* and collaboration with the LGBTQ+ (Note: the “+” includes MAPs, or Minor Attracted Persons à PEDOPHILES!!) community in Springfield. The same thing is about to happen at the SPS R-12 School Board meeting on 6/13.

Both Derek Lee (the *only* NO vote at the 6/5 City Council meeting) and David Nokes (many of you know from his prior law enforcement career and community activism) will be reviewing and discussing what has happened and what direction we as concerned citizens need to take.

- Discussion/Q&A

- Closing

Big Question:

Are there subjects that YOU, as part of We the People, would like covered within our monthly meetings? Outside of our monthly meetings? Are there speakers you would like to hear?

If you can, print this agenda and use it in the meeting to make notes for yourself.
